

# CREATING AND CROSSING DIGITAL BRIDGES

conference track

## Main Track Themes

- Empowering communities to improve quality of life
- Developing techniques to most effectively achieve sustainable communities
- Facilitating information flow while protecting individual/organizational rights

## Cross-Cutting Sessions

3 sessions organized as informal but structured discussions featuring presenters from other tracks along with ours in a panel format with lively audience participation. These will be 2 hours and will be scheduled to minimize conflicting overlaps with other track

presentations

Digital Bridges / Education  
Digital Bridges / Politics  
Digital Bridges / Rural

## SPEAKER(S) & HIGHLIGHTS

**Using Digital Technology to reduce inequities among and within countries, Digital Bridges are at the heart of our globalization and inter-connectedness as a world. This theme will explore how to CREATE digital bridges that are more accessible and useful, and CROSS the bridges with content that enriches the lives of all.**
